

Boxer 322D Series Mini-Skid

Compact Power, Inc. is pleased to introduce the Boxer 322D to the 300 Series line of mini-skid's. The Boxer 322D is powered by a 22hp Kubota diesel engine and a two-pump, 3,000 psi hydraulic operating system that develops 9.4 gpm of hydraulic flow to run the machine's auxiliary and propulsion systems.

With 360-degree visibility and ergonomically designed control panel, the 322D provides the highest level of comfort and visibility. Using the familiar skid-steer style controls, the 300 Series is easy for first time users to operate, making it ideal for the DIY'er and rental industry. At 34.5" wide, getting into and out of tight areas is not a problem. It is also stable enough to safely and easily manoeuvre around the jobsite. Designed to handle a full complement of attachments, the 300 Series helps minimize hand labour and increase jobsite productivity.

Model # 322D Specifications

Engine Power:	22 HP
Engine Manufacturer:	Kubota
Engine Description:	D902 Diesel
Tip Capacity:	1325 LBS
Hydraulic pressure:	3000 PSI
Dump Height:	54 "
Travel speed:	3.4 MPH
Ground clearance:	5 "
Ground pressure:	3.3 PSI
Overall Length (without bucket):	68 "
Operating Capacity, 35% of tip load:	464 LBS
Operating Capacity, 50% of tip load:	663 LBS
Hydraulic Auxiliary Flow:	9.4 GPM
Flow Ground Drive:	9.4 GPM
Overall Width (fully extended):	34.5 "
Overall Operating Height (Fully Raised):	92 "
Weight (without bucket):	1900 LBS
Hinge pin height (fully raised):	70 "
Track Width:	7 "
