

## **NO SMOKING POLICY**

Children's health and well-being is of the utmost importance to Alfresco Childcare.

We comply with health and safety regulations and the Welfare Requirements of the EYFS in making our setting a completely no-smoking environment.

Smoking and passive inhalation of smoke have proved to be a health risk and therefore in accordance with current legislation, the nursery operates a strict no smoking policy within its buildings and grounds. This also includes staff not smoking when walking to and from the school for the pick-ups and drop-offs. Staff are ambassadors for the nursery during this time and it would not portray the positive image we want to uphold.

This policy applies to all colleagues, contractors, parents/carers and visitors.

For more information on the effects of passive smoking please visit:
